

Restructuring and Insolvency

Trusted adviser for clients in challenging situations

Pels Rijcken's Restructuring and Insolvency team consists of experienced lawyers who can provide you with practical solutions in time-pressured, complex situations under unpredictable circumstances.

We have extensive experience with clients facing financially distressed situations, both in and out of (bankruptcy) court.

We combine in-depth knowledge of insolvency law with our restructuring and M&A skills.

We advise management of distressed companies, strategic investors, financiers and other stakeholders.

Restructuring and Insolvency related services

Our services consist of:

- negotiations with banks, financiers, bankruptcy trustees and other stakeholders;
- acquisitions and sales of distressed companies or business units;
- specialised due diligence work and risk assessments;
- advice on liability risks for executive and non-executive directors;
- corporate reorganisations and related governance issues;
- debtor and creditor rights;
- related antitrust and competition issues.
